Application for Membership  
For October 2007 to September 2008

Our club is open to anyone with an interest in the art and craft in woodturning. All skill levels are welcome from beginner to professional. We meet every other month on Sunday afternoons or on Thursday evenings at various members' workshops or other places of interest to turners. Special one or two day demonstrations by professional turners are arranged at various times during the year depending on availability. There may be a nominal fee charged for these special events. Come join our friendly club members who share a common interest in woodturning.

The dues are \$25 per year and are prorated the first year you join. Please make your check out to Louisville Area Woodturners and make it for the amount shown below which corresponds to the month you join. For example if you join in Feb. make your check for \$16.68. The prorate chart follows:
